

Employer of choice ^[1]

Sandoz Canada was recognized at the prestigious Les Mercuriades awards, which assess Quebec companies based on various criteria. This achievement is in line with Sandoz Canada's goal of maintaining its status as a top employer.

The company's generous benefits, its training and career development programs, its diverse sources for internal communications, the scope of its activities (like the United Way campaign, Be Healthy activities, and Social Club), and the quality of its office environment, as well as its convenient location near many services, helped clinch the award.

Sandoz Canada also won the "Great Place to Work 2021" and "Top Employer 2021" awards.
