PRODUCT CATEGORIES

Analgesic

At Sandoz we want to ensure all our patients and consumers have the ability to pursue a healthy and active lifestyle. Our analgesic products help to ease the pain associated with arthritis by relieving muscle and joint pain, allowing you to continue your daily routine.

Zoderm ^[1]®

Capsaicin topical cream 0.025% 100 g

[More information](#) ^[1]

Cough, Cold & Allergy

Sandoz offers a wide variety of products helping to temporarily ease and reduce symptoms associated with the common cold including wet cough and chest congestion. If you sneeze, cough or have a runny nose and itchy eyes your symptoms may be due to allergies. Allergies can be a major cause of illness and exist in many different forms. Symptoms can occur when your system overreacts to the presence of an allergen.

Mosaspray™

140 metered sprays. For relieving symptoms of indoor and outdoor allergies.

Dermatologicals

Dermatology is the diagnosis, treatment and prevention of disorders and diseases of the skin encompassing more than just acne and rashes, and treatments extend beyond creams and lotions. Our dermatological products help promote healing by preventing infection in minor cuts, scrapes and burns.

Polytopic®

Antibiotic Cream 15 g.

[More information](#) ^[3]

Polytopic®

Wound wash cleansing spray 200 mL.

[More information](#) ^[4]

Digestive Health

The gastrointestinal (GI) system forms the very core of our bodies. A well-functioning digestive system is the cornerstone of good health. At Sandoz, we offer products to help heal digestive disorders and common gastrointestinal problems, including the relief of occasional

constipation, heartburn and the unpleasant feeling of nausea, vomiting, dizziness and motion sickness.

OMEPR™

Omeprazole delayed-release capsules USP 14 capsules.

[More information](#) [5]
