

Salinex® Nasal Lubricant 30 ml Adults [1]

Recommended use or purpose:

Helps reduce symptoms of a dry, irritated nose.

Ingredients:

9 mg/ml sodium chloride, 160 mg/ml polyethylene glycol, 50 mg/ml propylene glycol.

Dosage:

Adults: 2 sprays in each nostril 1-6 times a day. Blow nose. Place tip of nozzle in left nostril. Do not insert more than ¼ inch. Press down and follow same procedure in right nostril. Blow nose. Rinse nozzle with hot water before and after use, wipe with tissue.

Warning:

Consult doctor before use if you have asthma or other chronic respiratory complaints. Do not share. Do not swallow. Consult doctor if: symptoms persist or worsen, no improvement after clearing nose, discharge is thick and yellow or green, skin at the base of the nose becomes raw or crusted.
