

Omeprazole delayed-release capsules USP 14 capsules [1]

Recommended use or purpose:

Acid reducer. Effective control of the acid that causes frequent heartburn.

Ingredients:

Each delayed-release capsule contains 20 mg of omeprazole. Non-medicinal Ingredient: Carrageenan, croscarmellose sodium, dibutyl sebacate, hypromellose, hypromellose phthalate, iron oxide red, lactose anhydrous, low-substituted hydroxypropyl cellulose, microcrystalline cellulose, polysorbate 80, potassium chloride, povidone, talc, titanium dioxide and water.

Dosage:

Omeprazole™ is for adults (18 years and older) with frequent heartburn- when you have heartburn 2 or more days a week. Adult dose (18 years and older): The recommended adult dose is 20 mg (1 capsule) given once daily for 14 days. The maximum dose is 1 capsule in a 24- hour period. The capsule should be swallowed whole with a glass of water.

Contraindications:

Omeprazole™ may decrease the efficacy of some drugs ask your doctor or pharmacist prior to use. You should not take OMEP™ if you think you might be allergic to omeprazole or any of the ingredients.

Warning:

Do not use if: you have trouble or pain swallowing food, bloody black stools, or are vomiting

blood. You have been experiencing frequent heartburn for more than 3 months. These may be signs of a more serious condition. You may need a different treatment. See your doctor.
