

PediaFer™ Ferrous Sulfate 50 ml Oral Solution USP [1]

Recommended use or purpose: For 0-3 years old infants

- Mineral supplement.
- A factor in the maintenance of good health.
- Iron helps to form red blood cells and helps in their function.

Ingredients:

Medical Ingredients: Iron (as Ferrous Sulfate). Nonmedical Ingredients: citric acid, lemon flavour, purified water, sodium bisulfate monohydrate, sorbitol and sucrose.

Dosage:

Take a few hours before or after taking other medication. Take with food. Infants 0-12 months 1 ml once per day. Children 1-3 years 2ml once per day. Or as directed by a health care practitioner. When iron solution is given to infants, some darkening of the teeth may occur. This can be removed by rubbing the teeth with baking soda.

Warning:

Keep out of reach of children. There is enough drug in this package to seriously harm a child.
