

Patient Support Programs ^[1]

Healthcare professionals and patients can count on Sandoz Canada for:

Clinical services

Educational tools

Reimbursement assistance

Financial assistance w

In its quest to find new ways to help patients access high-quality medicines, Sandoz Canada provides them with the opportunity to pick up their biosimilars and specialty generics at the pharmacy of their choice through its open distribution model. We believe it's reassuring for patients to be able to turn to a pharmacist they trust for whatever treatment they need.

Healthcare professionals: for more information on the various educative tools and resources that we offer, please contact your Sandoz Regional Sales Representative.

Patients: refer to your medicine's Patient Support Program telephone number.

We ensure continuity in our services to support you at every step of the treatment.

Sandoz
