

CONSUMER INFORMATION

Demo-Cineol®
ADULTES/ADULTS

 **SANDOZ**

WARNINGS

Keep out of reach of children. Read the complete instructions prior to use and follow them all. Do not use in children under 18 years of age, due to risk of convulsions and rectal bleeding in children. Overdose may result in serious harm. Do not exceed the single and maximum daily dose. Do not use for longer than 3 days due to the possible risks related to the accumulation of eucalyptol and camphor in the body including the brain, in particular neuropsychological disorders; and the risk of rectal burning. Do not use if you have a recent history of anorectal lesions. **DO NOT** use with any other cough and cold medications since harm may occur, unless recommended by a healthcare practitioner. Consult a healthcare practitioner prior to combining with other medications, including natural health products, prescription or nonprescription drugs. Consult a healthcare practitioner if symptoms worsen, last for more than a week or are accompanied by a high fever (>38°C) or the production of thick yellow/green phlegm. Do not use if you are allergic to any of the ingredients. Discontinue use if allergic reactions such as wheezing, rash or itching develop. Side effects may include: allergic reaction, breathing difficulties, convulsions, drowsiness, hallucinations, and rapid heart rate. Consult a healthcare practitioner prior to use if you have persistent or chronic cough, breathing difficulty, asthma or other chronic lung conditions, or are pregnant or breastfeeding, unless directed by a physician.
